Quorum not met

Program

Code compliance: Jerrod related most complaints were junk and trash accumulation issues and vacant property inspection

Comments: JP commented on the lack of street cleaning in light of the mild winter. Suggested getting the plowboys in street cleaners. Dave and others wondered if the turnout would have been better if the Nov minutes would have been distributed the day before as a reminder of the current meeting.

Mary Conklin finds the meeting interesting and informative. Mary Lusk is looking ahead to a spring or Summer Ribfest return and the April Easter service at First Presbyterian Church. Mr. Woodward said that the potholes on Anderson Ct could use some attention. Jerrod suggested to contact Public Works, was not sure if you could report online.
